

Senior Investigator Kenneth Freeman was hand-picked for the Internal Affairs Division of the New Jersey Department of Corrections. His talent won him the respect of his peers and the Top Brass called him a “Rising Star”. But those accolades and his promising career were sabotaged when Freeman refused to toe the line. *Rose Tainted Justice* documents the disturbing and unrelenting retaliation awaiting whistle-blowers and how a political machine blatantly influenced the actions of a judicial system, silenced dissenters and falsified documents without raising an eyebrow.

While confessing to his own faults and short-comings with a candor not found in most books of this magnitude, Freeman methodically details the NJ Corrections Department’s culture, exposing the privilege and power ruthlessly wielded by department leaders. Power that reached to the State Attorney General’s Office and even the Office of the Governor. Skillfully blended experiences of growing up in Newark, six years in the Marines, and the memorable lessons of working in Rahway State Prison provide an interesting backdrop to these events.

A terrifying journey into government gone wrong, *Rose Tainted Justice* will catapult you out of your comfort zone and force you to reconsider your assumptions about justice.

NEW FROM
GADSON JEFFRIES PUBLISHING

Sometimes
good men remain silent,
citizens turn the other way, and
public servants follow corrupt
leaders to survive.

Rose Tainted Justice
is one man’s story of speaking out and
looking corruption dead in the eye
despite the inevitable revenge and
destruction of his career.
